**Melanoma and Skin Cancer Trials** (MASC Trials) is Australia and New Zealand's collaborative trials group that develops, conducts, and publishes research and clinical trials to improve how we diagnose and treat melanoma and skin cancer.

**[masc.org.au](http://masc.org.au)**

**Australasian Ocular Melanoma Alliance** (AOMA) represents medical, para-medical, nursing and consumers who aim to improve the care and treatment of ocular melanoma patients in Australia and around the world. AOMA is a special interest group of MASC Trials.
